# Push Trolley POWERTEX PPT-S1

**Product information**

POWERTEX push trolley operated by pushing. A compact and low buildt design with low dead weight in a solid steel construction. It includes mechanical stops to ensure that the trolley is kept on the beam in case of an accident (anti-drop + anti-tilt). Fits most types of beam profiles and most brands of lifting blocks and electric hoists. Wheels with ball bearings.
Supplied with grey label for adhering over white nameplate for use in the entertainment industry.
**Static test coefficient:** WLL x 1,5.
