

Grab Hook Pewag PSW with Safety Catch

Product information

This standard shortening hook ensures optimal interaction between chain and hook thanks to the special design of the chain contact area. Moreover, the integrated safety catch protects the chain from an accidental release. Tip loading is not allowed as well as the assembling with Unilock connection links. Further, the usage in the welded system has to be prevented. Even when shortened, the load capacity is not reduced.

Marking: According to standard, CE-marked

Standard: EN 1677-1

Safety factor: 4:1

Класс: 10
